Project Cal-Well Final Brief
5-Year Journey: 2014-2019

In partnership with the California Department of Education, the San Diego County Office of Education (SDCOE) was awarded a 5-year Federal grant to implement the Project Cal-Well initiative. Project Cal-Well’s mission is to increase awareness of and improve mental health and wellness of California’s K-12 students and provide training for school personnel to build positive school climate and detect and respond to mental health issues.

“Over the past 5 years our campus climate has transformed dramatically where students feel safe, secure, and a sense of belonging. Our students are able to better manage and self-regulate their behaviors, and form positive relationships with their peers. We will continue this work because we know it works.”

-Melody Belcher, Principal
